Platinum Educational Group is Helping Nursing Programs Raise Their Pass Rates

Affordable Online Testing Platform

The staff at Platinum Educational Group understands the obstacles of budgets when it comes to programs looking for **affordable online solutions to assist your students**. It is especially difficult raising and keeping pass rates up due to limited reasonably priced resources, questionable content validity, and higher cost of study tools that your program experiences. In 2016, Platinum created their online exam simulation platform, called PlatinumTests.com, for Nursing training institutions.

Some of the unique qualities that distinguish PlatinumTests.com from other NCLEX_ study prep companies include:

- True Computer Adaptive Testing that mimics the NCLEX exam testing format.
- Test simulator that can accurately predict your students' NCLEX exam readiness.
- Detailed reporting that shows topic and module strengths and weaknesses.
- Unlimited testing! No cap limits on how many tests a student can take.
- Affordable. Only a one-time fee of \$45 for LPN/LVN students and \$90 for RN students.
- Access to over 3,000 PN objective-based questions written and reviewed by industry experts in nursing.

Stop spending hours creating your own tests or paying a king's ransom for a quality solution! We have an affordable online testing solution that will amaze you! We would be honored to show you our online testing solution. Simply click the link below, select your State, and **then find a time that works for you!** We look forward to meeting you!

“Just giving a "great job" review to Platinum Ed. Their support personnel go out of their way to get the answers you need, and they do work to be flexible with our needs. Our nurses preparing for NCLEX are getting great outcomes on the NCLEX due to this great program!” Susan Mateo, Avant Healthcare Professionals-Nursing (FL)

Finally, Nursing Competency and Externship Tracking Made EASY and AFFORDABLE!

We have heard for years about the challenges of keeping track of students' competencies and externship efficiently. That's why we have developed a competency tracking program, entitled Platinum Planner, that will take care of it all for you--**easily and with no institutional cost!** This flexible program tracks clinicals, externships, schedules, and any other competencies. It is customizable to **YOUR** specific nursing program using **YOUR** terminology. It assists in clinicals, labs, and classroom experiences. It also generates reports for student progress and accreditation standards—**all in an easy-to-use electronic format!** **Platinum Planner comes with a FREE fully functional mobile app for students and clinical instructors!**

Do not waste time tracking your students with paper and pencil or with expensive online platforms! We have an easier and more cost-effective solution!

Students Who Need Support - Update

By Sarah Smith, Customer Service Advocate/Trainer/Development Tester, Platinum Educational Group

We here at Platinum Educational Group pride ourselves on doing our very best to assist our customers with their use of our products, including students. If students do reach out to our Support team, we will provide them with as much assistance as we can, however, sometimes having your students reach out to us directly may not be the best course of action.

Many issues that students experience are a result of the settings in their school, their course, their class, or their tests and it is our policy that our Support Team will not make adjustments to these settings on the behalf of a student. The requests to adjust settings must come from a user that has the access to adjust those settings.

What's the Difference Between Database Court Searches and Actual Court Searches?

By Levi Perkins, Corporate Screening

Court searches are an effective way to get an accurate picture of an individual's background as well as any current or pending criminal actions. There are two kinds of court searches: database court searches and actual court searches. Each serves a unique purpose and can provide different kinds of information. First, a definition of each:

Database court search – This kind of search seeks criminal records for an individual combined from multiple sources. The database is a centralized repository of historical data pulled from court records at a specific point in time.

Actual court search – This kind of court search seeks criminal information about an individual through a physical or online search of court records. Court searches can be conducted at the federal, state, or county court level. These searches reveal all data on record at the specific court.

KNOW THE RULES!

Episode 42: Know The Rules! Contingency Planning

By Kimberley Shutters

Contingency Planning, Yes You Need It!!

The purpose of contingency planning is to establish strategies for recovering access to electronic protected health information (ePHI). In the event, an organization experiences an emergency or other incident, such as power outages and/or disruption of critical business operations, any lost or damaged ePHI must be recovered and/or restored.

Establish (and implement as needed) policies and procedures for responding to an emergency or other occurrence (for example, fire, vandalism, system failure, and natural disaster) that damages systems that contain electronic protected health information.

Transferring Students

Q: One of my students was accidentally approved into the wrong course. How do I transfer them to another course?

A: On Platinumed.com, it is not possible for School Administrators or Instructors to transfer a student from one course to another. If a student is accepted into the wrong course and their enrollment fee is paid, and they then sign up for and are accepted into the correct course, the program would expect them to pay another enrollment fee for the new course (as the program cannot know that the student isn't just signing up for two courses that they need).

“The adaptive process was also super helpful in preparing me for the flow of the NCLEX. It was also a great motivator to keep pushing myself! Thank you Platinum Testing for dedicating the time and energy to create such a great product. I have and will continue to spread the word to all who will listen.” - Amanda Armbrrecht, RN
